One Purim night at Maple Street Shul, from posting the party to welcoming guests in.

YOUR WHOLE WORLD, IN ONE PLACE

Everything your organization does, in one place.

Every organization brings its own events and content. Your page holds all of it, and your community always knows where to look.

ALREADY LIVE

Partnered with local Federations, and growing.

OUR PARTNERS

Built for every kind of Jewish organization.

From the shul down the street to the artists and creators your community already loves.

Synagogues

A platform that extends community beyond the sanctuary.

Libraries & Archives

Share your collections with a wider audience.

Summer Camps

Stay close to campers and families all year.

Schools

Keep students and parents connected.

Organizations

Reach your community with events and content.

Artists

Get your music in front of Jewish listeners.

Content Creators

Share your work with an audience that's looking for it.

Community Centers

Fill your programs and keep members coming back.

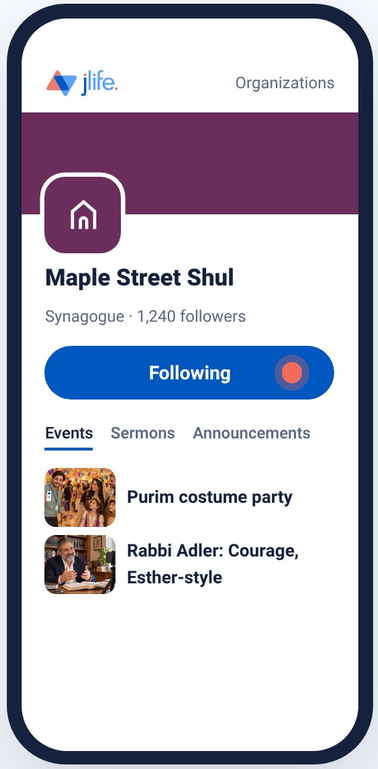

And more

Federations, youth groups, museums and anyone building Jewish community.

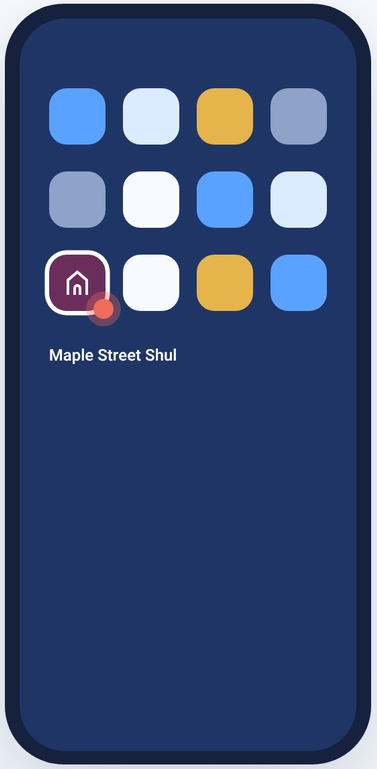

TWO FRONT DOORS

Your page in JLife. And your own branded app.

Everything you post shows up in both places, so people can find you however they look.

Your page in JLife

Your own app

YOUR OWN BRANDED APP

Your name. Your icon. On iOS and Android.

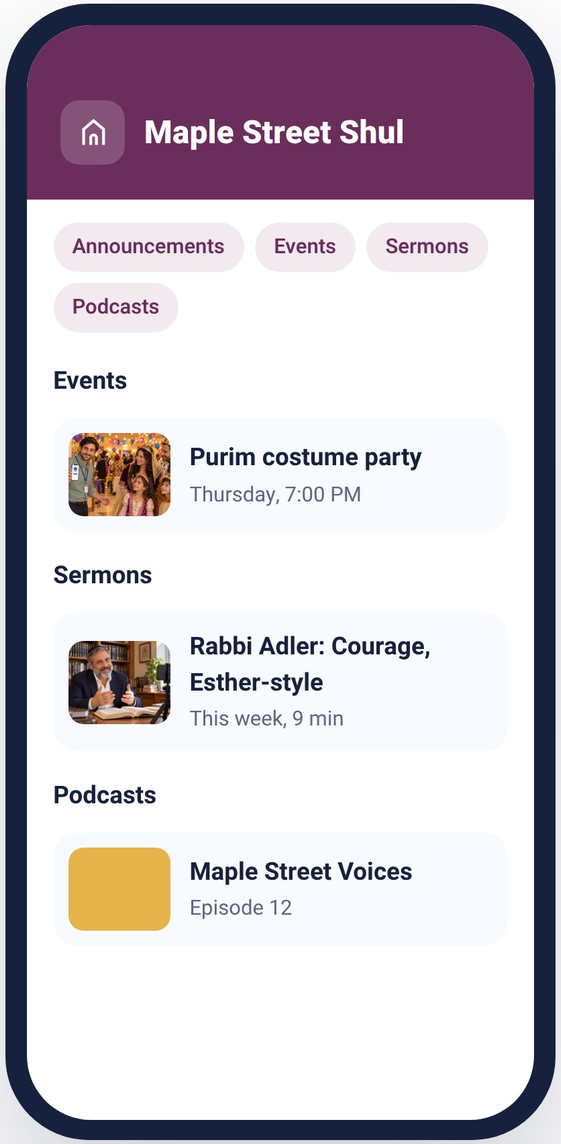

Everything your community needs from you lives in one app with your organization's name on it. No more stitching tools together by hand.

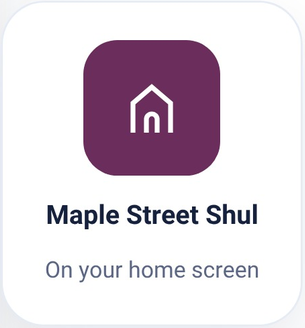

List events and sell tickets
Free or paid, with QR code tickets.

Post videos, articles and music
Sermons, podcasts, news and more.

Send push notifications
To all your followers or just your guests.

And much more
Announcements, galleries and learning.

CUSTOM PAGES

Custom pages for all of your content.

All of it managed from **one dashboard**, published straight into your app and your page in JLife.

STAY CONNECTED BETWEEN EVENTS

Something new for your members every week.

Two ways to keep your feed full: **use your own content**, or **pull from ours**. Mix both as often as you like.

01 Your own content

FROM YOUR OWN TEAM

Your rabbi, educators and staff, front and center.

Record a sermon on a phone, film a class or write an announcement. Your team uploads it in minutes, and it goes straight to your app and your page in JLife.

Sermons · Videos · Announcements · Classes · Podcasts

1 **Record**
On any phone or camera.

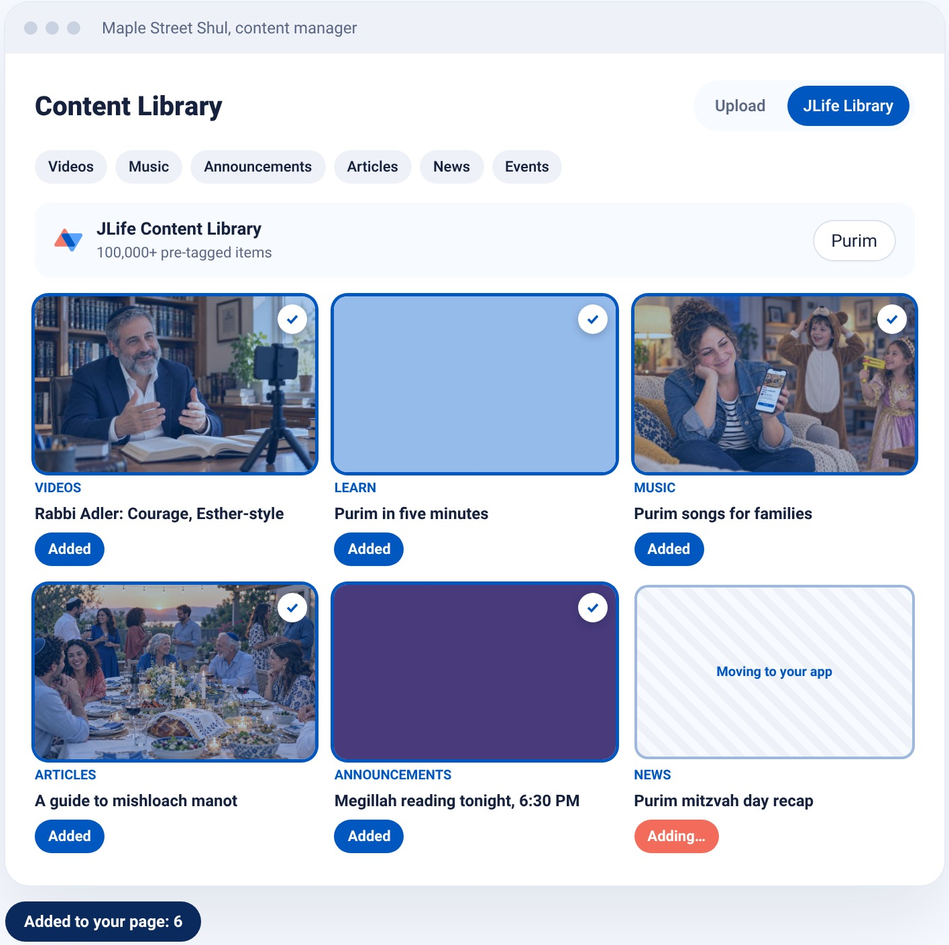

2 **Upload**
From the content manager.

3 **Publish**
To your app and your JLife page.

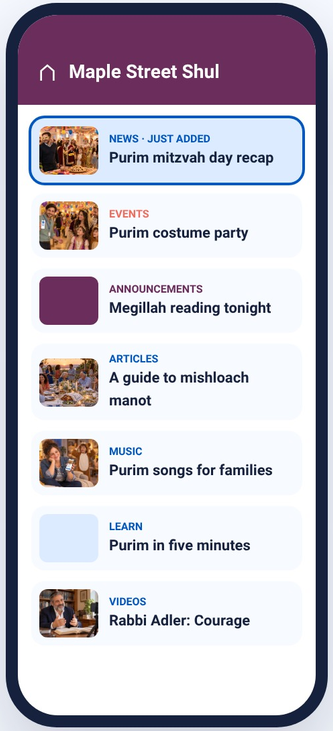

02 Pull from the JLife Content Library

Search a ready-made library and add videos, music, articles and learning to your page with one tap.

100,000+
pre-tagged items ready to add to your page

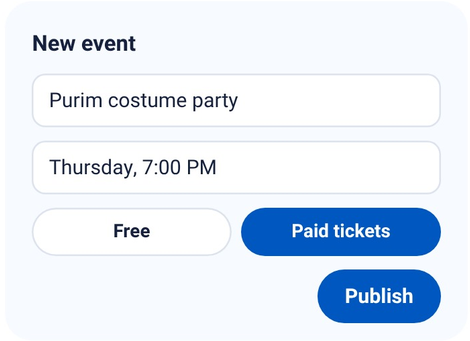

EVENTS

List your events. Get discovered. Fill the room.

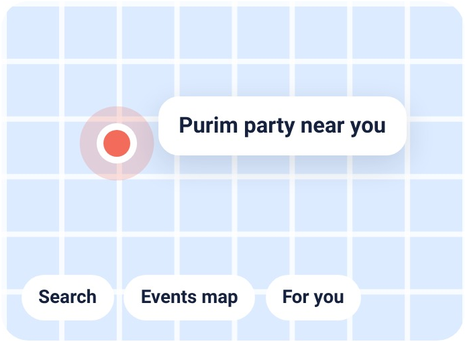

Everything you need to run an event, from the first post to the front door.

1

List your events

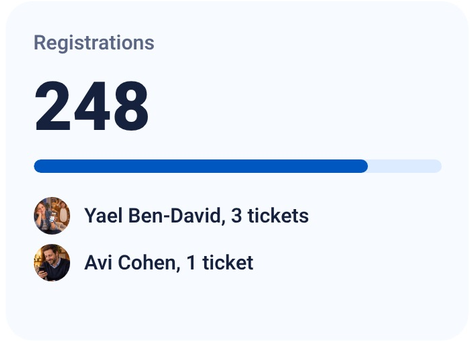

Post an event in minutes, free or paid, with tickets built in.

2

Get exposure

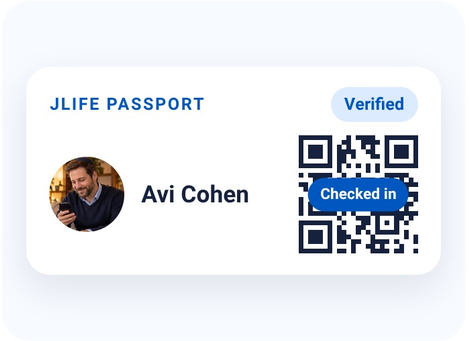

Your event shows up in search, on the events map and in personal feeds, reaching people beyond your list.

3

Collect registrations

People register in a few taps, and you see who's coming as it happens.

4

Scan Passport at the door

Guests show their JLife Passport. One scan checks them in.

EMBEDDABLE CALENDAR

Embed your calendar on your own website.

Paste one line of code and your JLife calendar appears on your site. Post an event once and it shows up everywhere, with tickets and registration built in.

- Show only your events, or the whole community's
- Filters for event type, topic, audience and price
- Always up to date, with no double entry

JLIFE PASSPORT

One verified ID. Online and at the door.

The JLife Passport is a verified digital ID your community carries on their phones. You decide who can see and register for each event.

Learn more about JLife Passport →

PASSPORT PLUS

For events that need more.

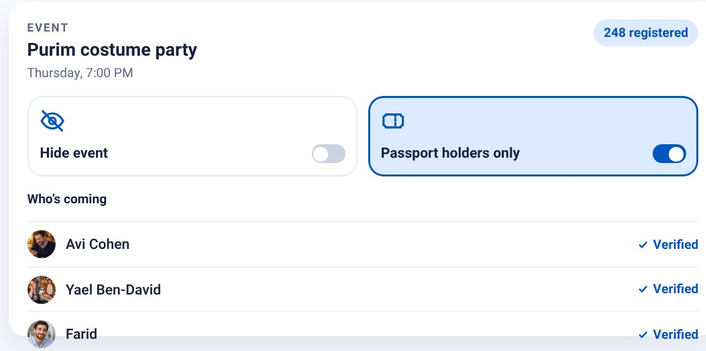

Add a government ID once: scan it, match a selfie, and you're Plus.

EVERYWHERE

Online, and at the door.

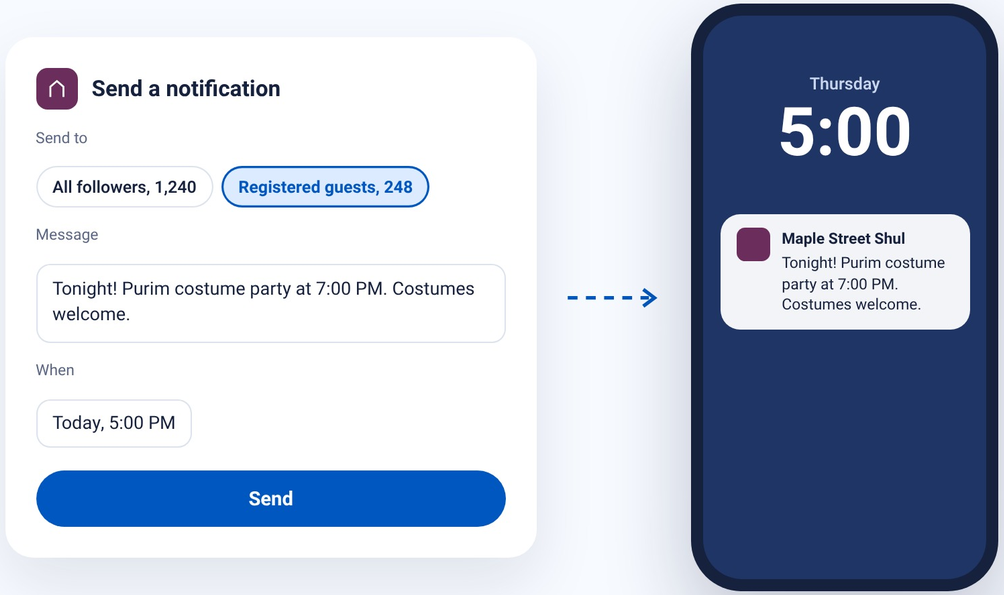

One QR code, saved to your phone's wallet. It signs you in online and gets you in the door.

FOR ORGANIZERS

Safer events.

Keep any event for verified Passport holders, and know exactly who's coming.

A NUDGE THAT LANDS

Send notifications straight to their phones.

Send a push notification to all your followers or just your registered guests. Send it now, or schedule it for when it matters.

And they walk through your door.

Avi found the party in JLife. Tamar welcomed him in.
